

Table 1 Top 20 pharmacology journals by impact factor

Top ranked pharmacology journals by impact factor								
Rank *	Journal	Impact Factor	5 Year Impact Factor	OA Archiving Status	Gold OA fee	Delayed OA	Publisher	Possible action
1	Nature Reviews. Drug Discovery	29.008	32.123	Pre-print immediately Post-print after 6 months embargo			Nature Publishing Group	satisfies NHMRC using post print
2	Annual review of pharmacology and toxicology	21.639	22.33	Author pre-print immediately			Annual Reviews	suggest emailing NHMRC addendum to publisher
3	Pharmacological reviews	20.225	23.667	No archiving policy		12 months embargo via Highwire	Highwire	satisfies NHMRC via DOI link
4	Advanced drug delivery reviews	11.502	14.608	Pre-print or post-print immediately	US\$3,000		Elsevier Science	satisfies NHMRC using post print
5	Trends in pharmacological sciences	10.927	10.322	Post-print immediately			Cell Press / Elsevier	satisfies NHMRC using post print
6	Medicinal research reviews	10.7	10.03	Pre-print immediately	US\$3,000		Wiley	No to placing an Accepted Version into a repository UNLESS they are funded with a funding organisation that has a specific agreement with Wiley Blackwell
7	Drug resistance updates	9.559	10.048	Pre-print or post-print immediately			Harcourt / Elsevier	satisfies NHMRC using post print
8	Pharmacology & therapeutics	8.562	9.35	Pre-print or post-print immediately	US\$3,000		Elsevier	satisfies NHMRC using post print
9	Neuropsychopharmacology	7.991	7.223	Pre-print immediately Post-print after 6 months embargo		12 month embargo via NPG	Nature Publishing Group	satisfies NHMRC via DOI link
10	Current opinion in pharmacology	6.856	6.924	Pre-print or post-print immediately			Elsevier Science	satisfies NHMRC using post print
11	Drug discovery today	6.828	7.155	Pre-print or post-print immediately			Elsevier Science	satisfies NHMRC using post print
12	Journal of controlled release	6.499	7.529	Pre-print or post-print immediately	US\$3,000		Elsevier Science	satisfies NHMRC using post print
13	Drug metabolism reviews	6.4	6.188	Pre-print immediately Post-print after 12 months embargo			Marcel Dekker	satisfies NHMRC using post print
14	Clinical pharmacology and therapeutics	6.043	6.231	Pre-print immediately Post-print after 6 months embargo	US\$3,000		Nature Publishing	satisfies NHMRC using post print
15	Neurotherapeutics	6.008		Pre-print or post-print immediately	US\$3,000		Elsevier Science	satisfies NHMRC using post print
16	Clinical pharmacokinetics	5.398	4.984	Post print immediately			ADIS Press International	satisfies NHMRC using post print
17	Expert opinion on investigational drugs	5.274	3.813	Pre-print immediately Post-print after 12 months embargo			Informa Healthcare	satisfies NHMRC using post print
18	Current drug metabolism	5.113	4.879	Pre-print immediately Post-print after 12 months embargo	Yes		Bentham Science Publishers	satisfies NHMRC using post print
19	The AAPS journal	5.086	5.705	Pre-print or post-print immediately	US\$3000	12 month embargo via Pubmed Central	American Association of Pharmaceutical Scientists	satisfies NHMRC via DOI link
20	Journal of antimicrobial chemotherapy	5.068	4.792	Pre-print immediately Post-print after 12 months embargo		12 months embargo via Highwire	Oxford University Press	satisfies NHMRC via DOI link

indicates deposit of author version to eSpace is allowable within the terms of open access mandate requirements								
indicates delayed open access to publisher version will comply with mandate requirements								

Table 2 Pharmacology and Pharmaceutical Sciences Journals - ERA 2012

Journals UQ published in that were allocated 1115 FoR code: Pharmacology and Pharmaceutical Sciences (UQ ERA 2012 - articles or reviews)								
Journal	Outputs	Impact Factor	5 Year Impact Factor	OA Archiving Status	Gold OA fee	Delayed OA	Publisher	Possible action
British Journal of Clinical Pharmacology	21.0 (3%)	2.958	3.227	author can archive pre-print (ie pre-refereeing); author cannot archive publisher's version/PDF	\$3,000	12 month embargo	Wiley	satisfies NHMRC via link
Journal of Biological Chemistry	19.3 (3%)	4.773	5.117	author cannot archive pre-print (ie pre-refereeing); author cannot archive publisher's version/PDF	\$1,500 for ASBMB members; \$2,000 for nonmembers	12 month embargo	American Society for Biochemistry and Molecular Biology	satisfies NHMRC via link
Toxicon	17.0 (3%)	2.508	2.479	author can archive pre-print (ie pre-refereeing); author can archive post-print (ie final draft post-refereeing); author cannot archive publisher's version/PDF	\$3,000		Elsevier	satisfies NHMRC using post print
Molecular Pharmacology	16.0 (3%)	4.883	4.58	author cannot archive pre-print (ie pre-refereeing); author cannot archive post-print (ie final draft post-refereeing); Authors can link to freely available author's version on publisher's website		12 month embargo	American Society for Pharmacology and Experimental Therapeutics	satisfies NHMRC via link
Antimicrobial Agents and Chemotherapy	15.8 (2%)	4.841	4.911	author cannot archive pre-print (ie pre-refereeing); author can archive post-print (ie final draft post-refereeing)	\$3,000	6 month embargo	American Society for Microbiology	satisfies NHMRC via link
Journal of Pharmacy Practice and Research	14.0 (2%)	Not in JCR	Not in JCR	not in Sherpa/Romeo			Society of Hospital Pharmacists of Australia	
Therapeutic Drug Monitoring	14.0 (2%)	2.491	2.605	author can archive pre-print (ie pre-refereeing)		12 month embargo	Lippincott, Williams & Wilkins	satisfies NHMRC via link
Journal of Pharmaceutical Sciences	13.0 (2%)	3.055	3.324	author can archive pre-print (ie pre-refereeing); author cannot archive publisher's version/PDF	\$3,000	0-24 months	Wiley	UNLESS they are funded with a funding organisation that has a specific agreement with Wiley Blackwell
Clinical and Experimental Pharmacology and Physiology	12.1 (2%)	1.851	2.001	author can archive pre-print (ie pre-refereeing); author can archive post-print (ie final draft post-refereeing); author cannot archive publisher's version/PDF	\$3,000	0-24 months	Wiley	Online Open retain copyright in their articles and will be offered a choice of creative commons licenses. As above.
Pharmaceutical Research	12.0 (2%)	4.093	4.668	author can archive pre-print (ie pre-refereeing); author can archive post-print (ie final draft post-refereeing); author cannot archive publisher's version/PDF	\$3,000		American Association of Pharmaceutical Scientists/Springer	satisfies NHMRC using post print
