The Broadest Scope of Coverage in a Single Resource

Spanning more than 500 years of political, military, social, and cultural history, Facts On File's *American History Online* database revolutionizes the way students and researchers can explore the different facets of American history, with a user-friendly interface and award-winning content. The authoritative, curriculum-based material is culled from many acclaimed Facts On File print titles. By providing the most comprehensive range of information in one complete resource—subject entries, biographies, primary sources, images and videos, maps and charts, and timelines—*American History Online* offers a virtual library of American history for educators, students, and researchers of all ages.

"...[an] outstanding database...highly recommended..."—BOOKLIST

Highlights:

- **Complete coverage:** more than 500 years of political, military, social, and cultural history
- **Overview era essays:** overview essays outlining time periods
- **Unique Topic Centers:** specially selected entries on different eras of American history to help users find a starting point for their research
- **Authoritative source list:** full and partial text from hundreds of print titles, including the revised edition of the award-winning *Encyclopedia of American History*
- **Newsreel videos:** videos, with a focus on World War II-era newsreel footage, giving enlightening "you are there" looks at events and people.

Features:

- Biographies
- Events and topics
- Primary sources: more than 2,400 primary source documents
- General timeline, updated monthly
