

ALIA Health Libraries Regional Committee (Qld),  
in conjunction with the Herston Health Sciences  
Library, presents:

## Knowledge Translation

**Bridging the gap:  
translating research into policy  
and practice**

“Knowledge translation is the effective and  
timely incorporation of evidence-based  
information into the practices of health  
professionals in such a way as to effect  
optimal health care outcomes and maximise  
the potential of the health care system.”

*(Adapted from Canadian Institute of Health Research, 2001)*

**Presenter:** Associate Professor Ann McKibbon  
BSc (Guelph), MLS (Western), PhD (Pittsburgh)  
Associate Professor in the Department  
of Clinical Epidemiology and  
Biostatistics, McMaster University

**Where:** Auditorium, Medical Education  
Centre, Royal Brisbane and Women's  
Hospital, Herston

**When:** **Tuesday 21 August: 2pm - 3pm**

*All welcome - no RSVP required.  
Light refreshments will be provided  
following the presentation.*

**FREE LECTURE**
