UQ Library Services for Clinicians with a UQ academic title

Need access to the best evidence or latest information resources to support teaching, learning and research? ...visit the UQ Library soon

The Health Sciences Library Service

- The University of Queensland has 14 branches of which six form the Health Sciences Library Service: Herston Health Sciences Library, UQ/Mater McAuley Library, the Joint Princess Alexandra Hospital/UQ Library, Biological Sciences Library (*UQ St Lucia*), Dentistry Library (*Turbot Street*), Rural Clinical Division Library Service (*available in regions of Southern and Central Queensland*)

Resources

- Exceptional collection of health and medical books (both print and online)
- More than 3500 health and medical eJournals
- Drug information online including: MIMs, Micromedex, the Australian Medicines Handbook, Natural medicines comprehensive database, and Electronic Therapeutic Guidelines (eTG)
- Medical databases including Medline, Embase, Cochrane Library, Clinical Evidence, MDConsult and the Web of Science

Services

- Access to resources for evidence-based practice (EBP)
- Expert information retrieval advice for EBP and research
- Information skills training (e.g. *how to search Medline and eJournals, how to find the evidence...*)
- Resources to support research, teaching and learning
- Access to materials held in other Library collections

Library Facilities

- Access to Internet, email and Microsoft Word, PowerPoint, Excel and Access
- Provision of EndNote bibliographic software to manage references
- Private study and meeting room facilities

Membership

- Once your academic title application has been approved, please contact the Herston Health Sciences Library for assistance with your UQ Library membership: phone: 07 3365 5353, email: hhs1@library.uq.edu.au, visit: Block 6, Level 6, RBWH, Herston
