## Dorothy Hill Collection

<b>Size</b>	95 boxes, 2 parcels
<b>Contents</b>	Collection of professional and personal papers. Includes mss and published copies of her work, with background research material, including maps and illustrations, and related correspondence. Professional correspondence, incoming and outgoing, 1930-. Papers and reports received as a member of the Australian Academy of Science, Australian Institute of Marine Science, Geological Society of Australia, Great Barrier Reef Committee, Royal Society, University of Queensland (Professorial Board, and Senate). Testimonials, research reports and recommendations supplied. Public lectures, press clippings, photographs.
<b>Date range</b>	[1930] to 1994
<b>Biography</b>	Professor Dorothy Hill was appointed a research professor in Geology at the University of Queensland in 1959, becoming the first woman appointed to a professorial chair in Australia. She also became in 1965 the first Australian woman to be a Fellow of the Royal Society, and in 1970 she became the first female president of the Australian Academy of Science.
<b>Notes</b>	Unrestricted access except for Box 8, one item in Box 47, and Box 58 Folder 1, which are all restricted. Application for access may be submitted to the Fryer Librarian for consideration. More material relating to Professor Hill can be found in UQFL472 Edna May Hill Collection.
